Simple Connect. Simple Life

What is the difference between an Automated and a Normal Home?

Automated Homes are Simpler and More elegant. Yet, provide more flexibility in functionality. An example: A single smart wall panel switch replaces many normal switches and equipment like: dimmers, thermostats, volume controllers, water boilers, lights and fan speed..etc.

SMART OUTDOOR

- 1- CCTV Camera
- 2- Pool Guard Alarm
- 3- Resound Garden Speakers
- 4- LED Globe Solar floating Lights
- 5- Robot Grass Mower
- 6- Pool Water Temperature Control
- 7- Microwave active Fence Control
- 8- Underwater LED Lighting
- 9- Fountains Control
- 10- Siren and Flasher Alarm / Alerter

SMART LIVING ROOM

- 1- Designer Mood HD TV
- 2- Scene Lighting and Dimming
- 3- IR Network & Presence sensors
- 4- Phone & Data WIFI
- 5- BGM & Surround Music
- 6- Smart DDP Switch
- 7- Motorized Projector Lift
- 8- Motorized Projection Screen
- 9- DDP Projector
- 10- Wireless Table top Touch Screen
- 11- Media Streaming Set Top Box & Decoders
- 12- Air Conditioning Control
- 13- Universal Remotes
