Resound Art Speakers

THE BEST CHOICE FOR HOME AUTOMATION

Resound Art Speakers is ideal for small to medium sized home cinema installations, and for commercial use in bars, restaurants and corporate presentation facilities.

Combined with a powerful and articulate performance, Overall the performance is exemplary, with deep, tight bass and sparkling high frequency performance. All this in a speaker that looks too good to be a loudspeaker, hanging subwoofers for a stunning home cinema.

The Resound Speakers has available choices of art speaker screens which provide the opportunity to match colours to compliment your interior. It has never been easier to change the look of your loudspeakers and make them a part of your interior. Use the collections below as a guide.
