

Patent No.

7,345,998

SMART LABS

UNITED STATES PATENT

The Commission of Patents and Trademarks has received an application for a new and useful invention. The requirements of law have been complied with, and it has been determined that a patent on the invention, known as

SMART MESH NETWORK

shall be granted under the laws of the United States of America. Therefore, this United States Patent grants to the person or persons having title to this patent the right to exclude others from making, using or selling the invention throughout the United States of America for the term of seventeen years from the date of this patent.
